

Our programs empower youth to build confidence, develop life skills, and pursue their dreams.  
**Here's what students have to say about their experience with Today's Youth.**

“

Being in Today's Youth was a wonderful experience and opportunity. I got to be with my best friend, create a business, learn about entrepreneurship, and go on field trips. I am going to miss this program when I go to high school next year.

I like Boys On A Mission, the program made me feel safe and I just enjoyed coming on Tuesdays. The teachers were cool and they acted like they cared. We had fun and they had good snacks.

Girls On The Move is a great program. We learned about entrepreneurship and other stuff as well. They made it engaging, fun and had good rewards and snacks. It was something good to do afterschool.

I liked that Girls On The Move taught us about taking care of money and that it gave us a chance to bring our own ideas into reality with the Jr. Pitch Competition.
